SOS TECHPOINT CHALLENGE PARTICIPANT

Pro-Squad Member

May 2021 to July 2021

- With the assistance of a teammate, made a website using React Js.
- Was a part of "Sustainable Energy" and our challenge was to come up with a solution that would help in Recycling Electric Car Batteries which is an emerging global concern.
- Contributed to brainstorming, creating the low-fidelity wireframe, turning it into a prototype, testing the prototype.
- For wireframing, used Figma and worked on the Frontend of the website using React Js.
- Here is the source code link to the website GitHub - <https://github.com/ddollar00/sos.git>

H.B.KAPADIA NEW HIGH SCHOOL

Ahmedabad, Gujarat

Mathematics Tutor

June 2018 to Nov. 2018

- Tutored in mathematics of until grade 10 for 6 months.

PROJECTS

E-COMMERCE BOOKSTORE DATABASE

Jan. 2021 to May 2021

- As a part of a class, I made a fully functional e-commerce bookstore website database.
- I used MySQL to design the database and used PHP, HTML, and PyMongo to build it and style it.
- I used EC2 Instance of AWS Services as an IDE.

VOLUNTEERING

PARYAVARAN MITRA · Go Green Ahmedabad

Ahmedabad

- Participated in "Go Green Ahmedabad" which was funded by a local NGO and organized by HBK High School, 2017.
- Was given training and knowledge about the global warming issue for a month.
- We achieved the goal to make more than 100,000 houses aware of the issue and what they could do to help out and also planted plants all around the main highway.

ACTIVITIES

INTERSCHOOL SCIENCE FAIR · 2nd Place

- I got 2nd place in Inter School Science Fair competition in which students create their project in addressing to any field's problem.
